

Logos University International (UniLogos) was formally incorporated in the State of Florida in 2015 and has since operated in accordance with the legal and regulatory framework applicable to non-public higher education institutions authorized to issue degrees of establishment, in full compliance with Title XLVIII, Chapter 1005, Part I, Section 1005.03 of the Florida Statutes. Within this legal structure, UniLogos has developed a strategic focus on transnational accreditation and cross-border academic articulation, operating with an emphasis on international quality assurance standards and institutional cooperation. This positioning has contributed to the consolidation of its reputation as a higher education institution engaged in global academic networks and committed to internationally oriented credential frameworks.

The **International Accreditation Council for Business Education (IACBE)** is a duly constituted and widely recognized academic accreditation agency on the international stage, specifically focused on evaluating and accrediting business programs. It is a legally established entity that operates based on rigorous standards of quality, academic governance, and evaluation of educational outcomes. Importantly, IACBE is formally **recognized by the Council for Higher Education Accreditation (CHEA)**, one of the leading bodies in the United States responsible for validating the legitimacy of accrediting agencies. CHEA recognition attests that IACBE meets established criteria of transparency, institutional accountability, and effectiveness in quality assurance processes, granting it full legitimacy as an accrediting body. In this context, the status of Educational Member of IACBE represents more than an institutional association; it signifies inclusion in a recognized accreditation system, where the institution demonstrates initial compliance with international standards and a continuous commitment to academic excellence. This affiliation reinforces institutional credibility, highlighting alignment with global quality practices in higher education and legitimate educational oversight structures.
